

Benjamin Davies

A product designer delivering creative and engaging solutions. I'm a recent graduate of BSc Product Design Technology at University of Brighton, on a mission to better understand the relationship between design, connection to nature, and ecology.

DESIGN RESEARCH SKILLS

User interviews
Personas
Wireframing
Journymapping

HANDS-ON SKILLS

Photography
3D Printing
Sketching
Soldering
Model Making
Public speaking
Writing
Scrum

EXPERIENCE

Focusrite Audio Engineering Ltd.
05.2019 - 09.2020

UX Design Placement

Whilst working at Focusrite Audio as a User Experience Designer, I took great pleasure in working alongside other designers and audio engineers, improving the accessibility, user delight and overall experience of their products. Although a diverse role, the majority of work undertaken consisted of user led design sprints, facilitating design meetings and producing marketing content for the Ampify Music brand.

Dooply Ltd.
05 - 09.2018

Junior UX Designer

Design projects for web, print and video. Working on upcoming projects for social media marketing channels.

Knights Architects
05.2016

Design Experience

Witnessing the inner workings of a professional design and architecture practice. Offering a design proposal for an upcoming project.

Knowledge Academy
08.2015

Content Creator

Creating pages and adding content to company website. Working with Google AdWords and company SEO strategies.

EDUCATION

09.2017 - 06.2021

University of Brighton

BSc. Product Design Technology with Professional Experience, First Class Honours

09.2010 - 06.2017

John Hampden Grammar School

A Levels: Maths, Geography, Graphic Products, 13 GCSEs

DESIGN PROJECTS

02.2021 - 06.2021

Thinking Like A Tree

A campaign to help human beings better connect to nature and start thinking more holistically about our relationship with other beings. To 'Think Like A Tree' is an explorative activity to better understand the way trees exist alongside other beings, support symbiotic relationships, and how as humans we can experience and learn from them.

09.2018 - 01.2019

Addicted To Coffee

A critical design project exploring how the design of coffee paraphernalia isn't indicative of its psychoactive abilities.
